December 10th & 11th in Bismarck, ND

"Bringing maintenance professionals together since 1974"

The RMMMA's mission is to bring maintenance professionals together to share ideas, best practices and promote a strong support network that will help members solve new and challenging problems while providing a unique training opportunity. Meetings are held bi-annually in May and December. Each meeting features two separate agendas geared specifically toward mobile maintenance or plant maintenance professionals. The next RMMMA meeting will take place December 10th and 11th, at the Radisson in Bismarck, North Dakota. The meeting will begin on Wednesday morning with educational sessions presented by members of the Rocky Mountain Suppliers Group (RMSG), demonstrating the latest mobile equipment and plant technology as well as specific systems and solutions to help resolve many of the maintenance issues our members are currently facing. That evening there will be a Meet and Greet Reception with members of RMSG from 4 – 6 pm. On Thursday, our members attend another full day of educational sessions, including a mine tour to BNI Coal with lunch and transportation provided. The meeting wraps up Thursday evening, with a social hour at 6 pm and the Awards Banquet at 7 pm.

The information presented at RMMMA meetings is specifically geared toward ensuring that your maintenance program is keeping up with the latest data on new equipment and technology while avoiding costly mistakes or struggling with issues that other members have already resolved. As an example, a maintenance supervisor at a mine in North Dakota explained how his mechanics received invaluable information from RMMMA when his mine purchased a new fleet of haul trucks that no one had any experience working on. "Other RMMMA members had experience with large fleets of these trucks and their knowledge about how to make them run and their willingness to share it, made it more than worthwhile for our people to attend RMMMA."

There are a lot of good maintenance products out there, especially if you ask the vendors who sell them. RMMMA allows you to bypass the sales pitch and talk directly to the end users who will give you the good, bad and the ugly. Attending RMMMA can help you make more informed purchasing decisions and give you more bang for your maintenance buck. In today's fast paced world, it is absolutely critical for maintenance professionals to stay up to date on proven products and services.

Attending RMMMA is very beneficial for your key mechanics; the folks you depend on to get things done and keep everyone else on track. RMMMA can also be extremely valuable for maintenance managers and supervisors as well as purchasing agents. Participating in RMMMA only costs \$50 per person and will definitely add value to your operation. Please join us on December 10th at the Radisson in Bismarck!

SUPPORTING THE ROCKY MOUNTAIN MASTER MECHANICS ASSOCIATION

The Rocky Mountain Suppliers Group (RMSG) is a nonprofit organization composed of companies, in and around the Rocky Mountain Region, that provide goods and services to the mining, energy, and construction industries. The RMSG is the vendor affiliate of the Rocky Mountain Master Mechanics Association (RMMMA), a network of maintenance professionals that have been gathering since 1974. The RMSG also provides three annual scholarships to the college students in the Rocky Mountain Region who are attending a college or vocational program in pursuit of a career in the mining, energy or construction sectors.

Membership in the RMSG provides exclusive access to the bi-annual RMMMA meetings, which attract maintenance professionals from across the Rocky Mountain region to learn about the latest in maintenance products, services, solutions, and technology. The next RMSG/RMMMA meeting will be held December 10th and 11th at the Radisson in Bismarck, North Dakota. On Wednesday and Thursday, RMMMA members attend full day sessions with presentations provided exclusively by members of the RMSG, offering educational information and training on the latest products, services and technologies related to mobile equipment and/or processing plant equipment. Don't miss the members-only, Meet and Greet Reception, on Wednesday evening from 4 – 6 pm, where RMSG members can network with maintenance professionals while showcasing their company's latest products and services. On Thursday, there will be a mine tour to BNI Coal with transportation and lunch provided. The event wraps up with an Awards Banquet hosted by the RMSG, which provides yet another opportunity for our members to network directly with the leading mine maintenance professionals from across the Rocky Mountains. RMSG members also have the opportunity to sponsor session breaks or lunch, giving them a one-on-one opportunity to interface with the RMMMA members.
